

**Mystic Middle School SBIT Meeting**  
**December 11, 2007**  
**5:30 PM**  
**Library Media Center**

Present: S. Thomas, K. Derry, S. Lyon, D. Cooley, L. Masterjoseph, C. Floyd, G. McDonald

The meeting came to order at 5:30pm.

The November minutes were approved unanimously.

After School Clubs

The 4 half year after school clubs have been approved. The next step in the process is to develop criteria the school will use to choose the four clubs. The mid point in the year is February and the clubs should be ready to go by then. Proposals for the 4 slots should meet the criteria developed. End of the year evaluations will also take place. Some discussion took place as to what the criteria would be. It was agreed that a student survey will go home in the backpack to gauge interest in the proposals. Several questions were raised about how the SBIT will handle the decision making. Will the administration make the decision or will the SBIT? Where will the SBIT take this initiative? How will the SBIT hand over this issue to the school? It was decided that the SBIT has accomplished their goal of expanding opportunities for kids after school and will hand over the implementation of this issue to the school with the hopes that student interest will guide decisions made.
