Budget

The budget was defeated for a second time on Tuesday. Gail stated that the district has lost a total of about a half a million dollars. They don't have a firm bottom line and can not make final decisions until the budget officially passes. This will be a subject of discussion at the next BOE meeting. Some items up for discussion are new programming, extra curricular activities including sports, computers, etc.

Drug & Alcohol Policy

Gail handed out the BOE approved Drug and Alcohol policy, including the regulations. The SBIT will take the policy home and send any comments to Gail.

Good Teaching Task Force Parent/Community Survey

The Parent/Community survey have gone out to parents and responses have been coming in. They are coded for each school so the task force can identify the responses. The responses are due by June 2 and they are hoping to have further discussions after that.
